MEMORANDUM FOR: Director of Central Intelligence

FROM : SA/IA

SUBJECT : Agenda for Friday's Breakfast with Secretary Weinberger

1. The following topics represent a combination of items suggested by Defense and those you requested today as well as two items proposed by the DO.

2. Defense has suggested that Secretary Weinberger give you a report on his trip. As part of that discussion, you can focus on the flap over arms to [redacted] In addition, the DO would like you to pursue Secretary Weinberger's discussions [redacted] Secretary Weinberger would also like to discuss the situation in Southern Lebanon and the situation in Poland. Finally, there remains an issue regarding revising Executive Order 12065 -- Defense is still pushing for a fourth classification, "Restricted."

3. As I mentioned to you already, the DO would like you to inform Secretary Weinberger that they would like to procure an [redacted] to support covert actions. Finally, you wanted to pursue the problem of instability and insurgencies.

4. You also mentioned the budget discrepancy as an agenda item. I checked with General Winne, who informed me that there really is no issue here. The [redacted] discrepancy was caused by differing pricing factors in the calculations. This mechanical problem is being worked out, and there is no need for you to be concerned. Finally, the [redacted] item is for your meeting with Secretary Haig, not for Weinberger, therefore it is not relevant for Friday's agenda.

5. Please let me know if there is anything else that you want to have on the agenda. It seems like a full platter. FYI, Secretary Weinberger will be returning with "red eyes" from California at 6:00 Friday morning, but he wants to go ahead with the breakfast.
